

# Helping decision-makers get ahead of uncertainty and take control of the future

A portrait of Dr. Graham Norris, a man with short dark hair, wearing a dark blue suit jacket over a white shirt. He is looking directly at the camera with a slight smile. The background is a blurred indoor setting with warm, yellowish lights and green plants.

# Working with Graham

By combining the latest psychological research with his broad career experience, Graham can captivate audiences and transform the way they think about the future.

Decision-makers at all organizational levels will gain profound new insights on how to capitalize on uncertainty.

Dr. Graham Norris is an organizational psychologist who helps people make better decisions by rethinking the future and the opportunities created by uncertainty.

He holds an MBA and has completed a doctorate examining change and adaptability in knowledge workers.

He has had several careers in education, journalism, marketing and the non-profit sector in Asia and Europe.
